Healthcare At Work

Participants

The health center services are offered at **no expense** to the participant. Visits, formulary medication, and laboratory testing are provided at **\$0 out-of-pocket** expense for members. There are **no deductible** limits to be met.

In Person Visits

New patient visits are scheduled for 40 minutes and routine visits are scheduled for 20 minutes or longer if needed. The physician or nurse practitioner can provide primary care, treat routine conditions, and/or provide urgent/convenience care. Education, wellness, and preventative care are the building blocks of the individualized health care initiatives in the health center.

Virtual Doctor Visits

WeCare tlc telemedicine program allows health care providers to evaluate, diagnose and treat patients in remote locations using telecommunications technology and also allows patients to access medical expertise quickly and efficiently.

Confidential/HIPAA

All health information within the health center remains confidential. No personal health information (PHI) is shared with your employer in any way.

A secure Electronic Medical Record protects all patient information and ensures confidentiality and privacy.
